The Mayor's Recommended Budget for fiscal year 2009-2010 totals \$547,589,282 and will be financed from tax revenue of \$275,988,077 and \$271,601,205 in non-tax revenue. Tax revenue includes the current tax levy of \$259,188,077. The estimated October 1, 2008 taxable Grand List prepared by the City Assessor in accordance with Connecticut General Statutes, is \$3,468,906,129. An estimated collection rate of 93.30% will require a tax levy of 77.23 mills, or \$77.23 on each \$1,000 of assessed value. At this collection rate of 93.30%, the value of a mill is approximately \$3,236,489.

A tax analysis chart is included on page 6-3 of the Recommended Budget book. The chart summarizes the calculation of the tax rate and outlines the actual and estimated adjustments made to the gross tax levy in order to arrive at the current tax budget line item. Adjustments reflect legal additions and deletions, decisions of the Board of Assessment Appeals, abatements for elderly tax relief, and those adjustments approved by the Committee on Tax Abatement as well as adjustments to the levy made necessary by tax appeal settlements.

Non-tax revenue includes income from licenses and permits, fines, forfeits and penalties, revenue from money and property, intergovernmental revenue, charges for services, reimbursements, and other revenues.

General Fund revenue in the Mayor's Recommended Budget for fiscal year 2009-2010 is projected to remain at the Adopted Budget for 2008-2009 fiscal year amount of \$547,589,282. This is primarily due to the Mayor's initiative to freeze the expenditure budget at the 2008-2009 fiscal year amount of \$547,589,282.

The General Assembly of the State of Connecticut had not adopted a final state budget for fiscal year 2009-2010 at the time this budget was recommended. The Mayor's Recommended Budget for 2009-2010 includes revenue estimates for both state grants-in-aid and PILOT as set forth in the Governor's proposed budget, as adjusted by the Appropriations Committee. Intergovernmental revenue reflects a net decrease of approximately \$65,000 compared to the Adopted Budget for fiscal year 2008-2009. Although the Education Cost Sharing (ECS) Grant has not been increased for the budget, the City is waiting for better information from the State Legislature on their intended budget before anticipating additional education grant revenue vs. the current proposal. Adjustments, if any, will be reflected in subsequent quarterly reports.

## **GENERAL PROPERTY TAXES**

Current year property tax collection for the Mayor's Recommended Budget for fiscal year 2009-2010 is projected at \$259,188,077 with an estimated tax collection rate of 93.30%. The October 1, 2008 taxable Grand List totals \$3,468,906,129 after the Board of Assessment Appeals revisions which is an increase of \$17,467,688 from the 2007 adjusted grand list. Real property increased in value by 1.83%. The majority of this increase is due to the October 1, 2006 revaluation of the City, which was done in compliance with the Statutes of the State of Connecticut. In keeping with the recent State legislation allowing Hartford to provide residential tax relief, the assessment ratios for residential (29.6%) and apartment property (43.6%) are significantly below the standard 70% limiting the overall increase to 1.83%. The business personal property list is \$640,914,260, which is a decrease of \$26,473,740 million from last year. The motor vehicle assessed value decreased by .70% or \$1.9 million to \$273,184,667. The exempt real property grand list increased by \$321,481,405 for a total of \$2,990,133,596, mostly due to the phase-in of the October 1, 2006 revaluation of all property. Also the City-owned property increased due to the current ongoing school construction.

Revenue from the collection of taxes levied in prior years is projected to yield \$5,300,000. Interest and lien fees on delinquent tax accounts are estimated at \$3,000,000.

The following table provides a summary of the calculation of the current property tax revenue budget.

	FY 2007-2008 ACTUAL	FY 2008-2009 ADOPTED	FY 2009-20010 RECOMMENDED

### How Your Hartford Property Taxes Are Calculated

For tax purposes, State Law requires that municipalities assess all property at 70% of its current fair market value. However, Hartford has received a waiver of that provision in order to provide property tax relief for residential property and also to allow for a phase-out of the commercial surcharge that has been in place since 1989. Newly enacted State legislation gives the City Assessor authority to establish different assessment ratios for both residential and non-residential real property. These ratios have been established - the residential rate is 29.6%; the apartment rate is 43.6% and the remaining property is assessed at 70%. Commercial and industrial real estate, as well as business personal property, are subject to a surcharge of 10.5%. Motor vehicles are assessed at 70% and no surcharge is levied. The resulting assessment is multiplied by the mill rate to produce the original tax.

### Other Local Taxes

Prior to the current 2009-2010 budget, real estate conveyance tax was included in a budget category referred to as "other local taxes". Effective for the 2009-2010 budget fiscal year, these Connecticut General Statute fees (Section 12-494(a)) have been moved to the "charges for services" budget category. Prior year(s) comparative information has not been restated to reflect this budget presentation change.

### LICENSES & PERMITS

Building and trade permit income in the Recommended Budget for fiscal year 2009-2010 reflects a net decrease of \$1,106,432 compared to the Adopted Budget for 2008-2009. The building fee for St. Francis Hospital Office Tower generated an additional \$1 million in building permits during the 2007-2008 fiscal year.

#### LICENSES AND PERMITS - FINANCIAL SUMMARY

	FY 2007-2008 ACTUAL	FY 2008-2009 ADOPTED	FY 2008-2009 PROJECTED	FY 2009-2010 RECOMMENDED	FY 2010-2011 FORECAST

<b>Total</b>	<b>7,898,407</b>	<b>8,910,092</b>	<b>7,776,024</b>	<b>7,803,660</b>	<b>7,803,660</b>

### FINES, FORFEITS & PENALTIES

The major source of revenue in this category is false alarm citations. The Municipal Code places a greater responsibility on residents and business owners to properly maintain and operate their electronic alarm systems. The ordinance provides for a registration fee of \$15.00 per year and specific fines for repeated false alarms which initiate an emergency response from police, fire or emergency medical personnel.

#### FINES FORFEITS AND PENALTIES - FINANCIAL SUMMARY

	FY 2007-2008 ACTUAL	FY 2008-2009 ADOPTED	FY 2008-2009 PROJECTED	FY 2009-2010 RECOMMENDED	FY 2010-2011 FORECAST
Fines	271,941	231,260	243,500	248,000	248,000
Penalties	0	50	50	0	0
<b>Total</b>	<b>271,941</b>	<b>231,310</b>	<b>243,550</b>	<b>248,000</b>	<b>248,000</b>

### REVENUE FROM USE OF MONEY & PROPERTY

Revenue in this category is derived from three sources: investment earnings, rental income from City-owned property and income from development property - the City is a partner or owned the land on which the development was constructed. The Mayor's Recommended Budget for fiscal year 2009-2010 reflects a decrease of \$11,400,947 from the 2008-2009 Adopted Budget.

#### Income from Investments

As a result of the current economic environment and less cash reserves, General Fund interest and investment earnings are projected to remain significantly below historic amounts. The budget for fiscal year 2008-2009 is estimated to decrease \$2,658,500 from the prior year's budget for similar reasons. Additionally, \$2 million of income from investments attributable to Capital Improvement Fund activity is now reported in the "transfers from other funds" category.

#### Income from the Use of Property

Income from the use of City-owned property is expected to decrease by \$6,522,790 from the Adopted Budget for fiscal year 2008-2009. This is primarily attributed to the reduction of miscellaneous rental income and \$6.3 million of Hartford Parking Authority revenue, which was included in this category in prior years, has been moved to the "transfers from other funds" category in order to be consistent with annual financial reporting.

#### Income from Development Property

Revenue in this category has a net decrease of \$219,657. The Connecticut Resources Recovery Authority landfill closure and bulky waste activity has had a negative impact on the City's revenues - \$350,000.

#### REVENUE FROM USE OF MONEY AND PROPERTY - FINANCIAL SUMMARY

	FY 2007-2008 ACTUAL	FY 2008-2009 ADOPTED	FY 2008-2009 PROJECTED	FY 2009-2010 RECOMMENDED	FY 2010-2011 FORECAST

<b>Total</b>	<b>6,008,399</b>	<b>15,589,336</b>	<b>4,629,355</b>	<b>4,188,389</b>	<b>4,188,389</b>

## INTERGOVERNMENTAL REVENUE

The Mayor's Recommended Budget for fiscal year 2009-2010 estimates revenue in this category will decrease by approximately \$65,000 from the 2008-2009 Adopted Budget. The General Assembly of the State of Connecticut has not adopted a budget for the next fiscal year. The estimates included in the Mayor's budget for the 2009-2010 fiscal year reflect the amounts contained in the Governor's proposed budget – adjusted by the Appropriations Committee's proposals. Although the State appears to fund the Education Cost Sharing (ECS) Grant at the current level of \$188 million, it is important to note that the City's contribution to the school system has also increased by \$3.0 million.

### **Federal Grants-in-aid**

This category represents the Federal Emergency Management Association (FEMA) reimbursement for eligible snow storms. The Mayor's Recommended Budget for fiscal year 2009-2010 includes a projection of \$60,000.

### **State Grants-in-aid**

The Mayor's Recommended Budget for fiscal year 2009-2010 includes revenue estimates for both State grants-in-aid and PILOT as set forth in the most recent State proposed budget for fiscal year 2009-2010. The State grants-in-aid reflects a net decrease of \$2,372,161 as compared to the prior year. The largest declining revenue source is the Mashantucket Pequot grant, which accounted for approximately \$1.1 million of the decrease.

Education grant revenue in the Recommended Budget for 2009-2010 includes the Education Cost Sharing (ECS) grant, the transportation grant, school bond cost reimbursements and a small grant for health and welfare services in private schools. Based on preliminary amounts available, it appears that state aid for education will decrease by \$769,941, which is mainly attributed to the scheduled reduction for bond principal and interest subsidy - \$1,290,129.

Reimbursements for school construction and non-bonded school projects are estimated at \$2,320,851 in the Mayor's Recommended Budget for fiscal year 2009-2010, based on the future budget debt service schedule outlined in the Comprehensive Annual Financial Report (CAFR).

### **Payment-in-lieu of Taxes**

Payment-in-lieu of taxes (PILOT) revenue in the Mayor's Recommended Budget for fiscal year 2009-2010 represents a net increase from the 2008-2009 Adopted Budget. Major increases in this category include PILOT - State Owned Property increasing by \$653,255. The telecommunications personal property tax increases by \$150,000 from the 2008-2009 Adopted Budget. PILOT for new manufacturing equipment is expected to increase by \$1 million. The State does not fund cities at the Statutory level required for many PILOT programs.

## Shared Taxes

The Mayor's Recommended Budget for Fiscal Year 2009-2010 projects revenue in this category to increase by \$107,000 from the Adopted Budget for Fiscal Year 2008-2009, based on actual revenue received last fiscal year.

### INTERGOVERNMENTAL REVENUES - FINANCIAL SUMMARY

	FY 2007-2008 ACTUAL	FY 2008-2009 ADOPTED	FY 2008-2009 PROJECTED	FY 2009-2010 RECOMMENDED	FY 2010-2011 FORECAST

<b>Total</b>	<b>238,205,683</b>	<b>247,334,898</b>	<b>249,039,681</b>	<b>247,269,696</b>	<b>247,269,696</b>

### CHARGES FOR SERVICES

The Mayor's Recommended Budget for fiscal year 2009-2010 estimates a \$2.6 million decrease from the 2008-2009 Adopted Budget for this revenue category.

#### General Government

The Recommended Budget for 2009-2010 projects revenue to increase by \$447,570. The sources of revenue in this category are from court and writ fees, the filing of legal documents, and all other charges for general government services; including the transcript of public records, weights and measures inspection fees, zoning application fees, etc. This category includes implementation of City ordinances to increase fees for street, sidewalk and excavation permits, and other minor categories. Conveyance tax, previously budgeted as other local taxes, is currently included in this category. Current economic conditions impact the transfer of property and the related tax, and accordingly, conveyance tax reclassification accounted for \$1.1 million of increase to this revenue category.

#### Public Safety

Charges for services in this category are currently estimated to decrease by \$2.5 million from the Adopted Budget for fiscal year 2008-2009. Revenue in this category formerly included administrative cost reimbursement to the General Fund for private police services – this revenue has been reclassified to "transfers from other funds" – resulting in a \$2.6 million decrease. The Fire Department revenue decreases from \$329,300 to \$265,300, resulting from a variety of programs continuing to focus on the safety of our residents and citizens.

#### Public Works

Revenue from public works services includes fees for traffic engineering reports, survey services and eviction fees. The Special Trash Fee Program revenue will sustain a decrease of \$226,000 as multi-unit building owners and managers convert over to private companies for trash pick up.

#### Other Departments and Functions

Other departments and functions include health, social services, education, recreation, and miscellaneous. Revenue in this category is projected to increase to reflect the revised vital records fee structure for the purchase of birth and death certificates.

Income in this group includes fees for health and social services, recreation admission fees, grave opening fees and repair and demolition liens. The Mayor's Recommended Budget for fiscal year 2009-2010 reflects a decrease of \$25,000 from the prior year budget.

**CHARGES FOR SERVICES - FINANCIAL SUMMARY**

**REIMBURSEMENTS**

The General Fund receives reimbursements from other funds, prior year expenditure refunds, and tax sale reimbursements. This category in the Recommended Budget for fiscal year 2009-2010 is projected to decrease by \$1,902,418 from the prior year budget.

**Miscellaneous**

The 2009-2010 budget for various insurance and expenditure reimbursements is expected to decrease by \$1.4 million from the adopted 2008-2009 budgeted amounts.

**Other Funds**

Revenue transferred to the General Fund to offset the cost of fringe benefits and indirect costs for various programs, including State and Federal grant activity, is the major source of revenue in this category. These reimbursements include amounts from the Community Development Block Grant program and housing programs, including Section 8 Monitoring, the HOME program, and health and social service grants. The Recommended Budget for fiscal year 2009-2010 includes a decrease of \$179,260 for indirect cost reimbursements for the Mayor's Office, Finance and Public Works from capital programs, offset by decreases in smaller accounts.

## OTHER REVENUES

Revenue in this category is derived from a variety of miscellaneous sources. The Recommended Budget for fiscal year 2009-2010 projects revenue to decrease by \$9,128,751. The projected actual amount for 2008-2009 sale of City-owned property is expected to decrease by \$6.8 million in the 2009-2010 budget. Additionally, the City did not have outstanding encumbrances at June 30, 2008, and therefore, the amount included in the 2008-2009 Adopted Budget for the under-liquidation of prior year encumbrance was not realized and no provision for this account is included in the 2009-2010 budget.

## OTHER FINANCING SOURCES

Although not technically a revenue, other financing sources represent a resource that can be used to finance the expenditure budget of the City. Included in this category are bond premiums and transfers from other funds. Prior to 2009-2010, these items were included in other revenue categories.

### OTHER FINANCING SOURCES – FINANCIAL SUMMARY

	FY 2007-2008 ACTUAL	FY 2008-2009 ADOPTED	FY 2008-2009 PROJECTED	FY 2009-2010 RECOMMENDED	FY 2010-2011 FORECAST

\* Prior to the 2009-2010 fiscal year budget, the debt service for parking facilities was budgeted in the General Fund. Beginning in 2009-2010, the Hartford Parking Facilities Enterprise Fund will pay the debt service and the General Fund revenue budget will include only the net revenue generated by the Hartford Parking Authority, which pass through the Hartford Parking Facilities Enterprise Fund.

\*\* Special police services have been transferred to a new special revenue fund and, accordingly, only the net excess of revenues over expenditures is included in the 2009-2010 budget. Police special services gross revenue and the related payroll are no longer reported in the General Fund.

**ESTIMATED AND ACTUAL USE OF GENERAL FUND - FUND BALANCE (CASH SURPLUS)**

Financing the Mayor's Recommended Budget for Fiscal Year 2009-2010 will not require an allocation from the City's General Fund –fund balance (prior year cash surplus).
