The Mayor's recommended budget for fiscal year 2010-2011 totals \$554,280,552 and will be financed from tax revenue of \$282,250,913 and \$272,029,639 in non-tax revenue. Tax revenue includes the current tax levy of \$265,600,913. The estimated October 1, 2009 taxable Grand List prepared by the City Assessor in accordance with Connecticut General Statutes, is \$3,576,211,722. An estimated collection rate of 93.95% will require a tax levy of 76.64 mills, or \$76.64 on each \$1,000 of assessed value. At this collection rate of 93.95%, the value of a mill is approximately \$3,359,851.

A tax analysis chart is included on page 6-3 of the budget book. The chart summarizes the calculation of the tax rate and outlines the actual and estimated adjustments made to the gross tax levy in order to arrive at the current tax budget line item. Adjustments reflect legal additions and deletions, decisions of the Board of Assessment Appeals, abatements for elderly tax relief, and those adjustments approved by the Committee on Tax Abatement as well as adjustments to the levy made necessary by tax appeal settlements.

Non-tax revenue includes income from licenses and permits, fines, forfeits and penalties, revenue from money and property, intergovernmental revenue, charges for services, reimbursements, and other revenues.

General Fund revenue in the Mayor's recommended budget for fiscal year 2010-2011 is projected to increase by approximately \$18.5 million from the Adopted Budget for 2009-2010 fiscal year amount of \$535,768,191. This modest increase of 3.5% is primarily due to the Mayor's initiative to reduce the expenditure budget in order to meet the challenges presented by the current downturn in the federal, state, and local economies.

With approximately 45.3% of the City's revenue coming from intergovernmental revenues (state and federal grants), the current budgetary deliberations at the state and federal levels could impact the City's revenue stream and its ability to provide services to the community and those that come to the City to work and enjoy the many cultural, recreational, and other activities; along with basic services, including medical and other support services.

GENERAL PROPERTY TAXES

Current year property tax collection for the Mayor's recommended budget for fiscal year 2010-2011 is projected at \$265,600,913 with an estimated tax collection rate of 93.95%. The October 1, 2009 taxable Grand List totals \$3,576,211,722 after the Board of Assessment Appeals revisions which is an increase of \$107.3 million from the 2008 adjusted grand list. Real property increased in value by 5.95%. The majority of this increase is due to the October 1, 2006 revaluation of the City, which was done in compliance with the Statutes of the State of Connecticut. In keeping with the recent State legislation allowing Hartford to provide residential tax relief, the assessment ratios for residential (27.62%) and apartment property (40.99%) are significantly below the standard 70% limiting the overall increase to 1.06%. The business personal property list is \$636,889,160, which is a decrease of \$3.9 million from last year. The motor vehicle assessed value decreased by 3.52% or \$9.6 million to \$261,839,945. The exempt real property grand list increased by \$312,744,562 for a total of \$3,302,878,158, mostly due to the phase-in of the October 1, 2006 revaluation of all property. Also the City-owned property increased due to the current ongoing school construction.

Revenue from the collection of taxes levied in prior years is projected to yield \$5,250,000. Interest and lien fees on delinquent tax accounts are estimated at \$2,500,000.

The following table provides a summary of the calculation of the current property tax revenue budget.

How Your Hartford Property Taxes Are Calculated

For tax purposes, State Law requires that municipalities assess all property at 70% of its current fair market value. However, Hartford has received a waiver of that provision in order to provide property tax relief for residential property and also to allow for a phase-out of the commercial surcharge that has been in place since 1989. State legislation gives the City Assessor authority to establish different assessment ratios for both residential and non-residential real property. These ratios have been established - the residential rate is 27.62%; the apartment rate is 40.99% and the remaining property is assessed at 70%. Commercial and industrial real estate, as well as business personal property, are subject to a surcharge of 9.0%. Motor vehicles are assessed at 70% and no surcharge is levied. The resulting assessment is multiplied by the mill rate to produce the original tax.

Other Local Taxes

Prior to the current 2009-2010 budget, real estate conveyance tax was included in a budget category referred to as "other local taxes". Effective for the 2009-2010 budget fiscal year, these Connecticut General Statute fees (Section 12-494(a)) have been moved to the "charges for services" budget category. Prior year(s) comparative information has not been restated to reflect this budget presentation change.

LICENSES & PERMITS

Building and trade permit income in the recommended budget for fiscal year 2010-2011 reflects a net decrease of \$2.4 million compared to the Adopted Budget for 2009-2010. Licenses and permits associated with the ongoing Metropolitan District (MDC) water and sewer system upgrades is expected to soften the downward trend in building permits during the 2009-2010 fiscal year. The current volatility in the economy directly impacts this revenue category

FINES, FORFEITS & PENALTIES

The major source of revenue in this category is false alarm citations. The Municipal Code places a greater responsibility on residents and business owners to properly maintain and operate their electronic alarm systems. The ordinance provides for a registration fee of \$15.00 per year and specific fines for repeated false alarms which initiate an emergency response from police, fire or emergency medical personnel.

REVENUE FROM USE OF MONEY & PROPERTY

Revenue in this category is derived from three sources: investment earnings, rental income from City-owned property and income from development property - the City is a partner or owned the land on which the development was constructed. The Mayor's recommended budget for fiscal year 2010-2011 reflects a increase of \$219,269 from the 2009-2010 Adopted Budget.

Income from Investments

As a result of the current economic environment and reduced cash reserves, General Fund interest and investment earnings are projected to remain significantly below historic amounts. The budget for fiscal year 2010-2011 is estimated to decrease \$40,500 from the prior year's budget for similar reasons.

Income from the Use of Property

Income from the use of City-owned property is expected to decrease by \$132,718 from the Adopted Budget for fiscal year 2009-2010. This is primarily attributed to the reduction of miscellaneous rental income.

Income from Development Property

Revenue in this category has a net increase of \$392,487. The Connecticut Resources Recovery Authority bulky waste activity accounts for \$192,000 of the projected increase.

INTERGOVERNMENTAL REVENUE

The Mayor's recommended budget for fiscal year 2010-2011 estimates revenue in this category will increase by approximately \$4.0 million from the 2009-2010 Adopted Budget. Several factors, included increases in education funding along with payments in lieu of taxes contribute to the increase.

Federal Grants-in-Aid

This category represents the Federal Emergency Management Association (FEMA) reimbursement for eligible snow storms. The Mayor's recommended budget for fiscal year 2010-2011 includes a projection of \$60,000.

State Grants-in-Aid

The Mayor's recommended Budget for fiscal year 2010-2011 includes revenue estimates for State grants-in-aid as set forth in the most recent State budget. State grants-in-aid reflect a net increase of \$1.35 million as compared to the prior year budget. The net increase is primarily the result of increases in the education transportation formula grant funding and the reimbursement for prior school building construction cost.

Payment-in-Lieu of Taxes

Payment-in-Lieu of taxes (PILOT) revenue in the Mayor's recommended budget for fiscal year 2010-2011 represents a net increase from the 2009-2010 Adopted Budget. Major increases in this category include PILOT - State Owned Property increasing by \$797,286 and Private Tax Exempt Properties increasing by \$2.1 million. The State does not fund cities at the Statutory level required for many PILOT programs.

Shared Taxes

The Mayor's recommended budget for Fiscal Year 2010-2011 projects revenue in this category to decrease by \$20,000 from the Adopted Budget for Fiscal Year 2009-2010, based on actual revenue received last fiscal year.

CHARGES FOR SERVICES

The Mayor's recommended budget for fiscal year 2010-2011 estimates a \$513,188 decrease from the 2009-2010 Adopted Budget for this revenue category.

General Government

The recommended budget for 2010-2011 projects revenue to decrease by \$447,988. The sources of revenue in this category are from court and writ fees, the filing of legal documents, and all other charges for general government services; including the transcript of public records, weights and measures inspection fees, zoning application fees, etc. This category includes implementation of City ordinances to increase fees for street, sidewalk and excavation permits, and other minor categories. The conveyance tax is impacted by the current economic conditions - property sales and transfers have declined during the past several months. Of the projected decrease in this category, \$400,000 is attributed to the anticipated decline in conveyance tax revenue.

Public Safety

Charges for services in this category are currently estimated to decrease by \$61,800 from the Adopted Budget for fiscal year 2009-2010. The Fire Department revenue decreases from \$200,000 to \$150,000, resulting from a variety of programs continuing to focus on the safety of our residents and citizens.

Public Works

Revenue from public works services includes fees for traffic engineering reports, survey services and eviction fees. The various sanitation fees are projected to decline by \$28,400, which represents 98% of the decrease in public works category.

Other Departments and Functions

Other departments and functions include health, social services, education, recreation, and miscellaneous. Revenue in this category is projected to increase \$25,500 from the Adopted 2009-2010 budget.

Income in this group includes fees for health and social services, recreation admission fees, grave opening fees and repair and demolition liens.

REIMBURSEMENTS

The General Fund receives reimbursements from other funds, prior year expenditure refunds, and tax sale reimbursements. This category in the recommended budget for fiscal year 2010-2011 is projected to decrease by \$260,308 from the prior year budget.

Miscellaneous

The 2010-2011 recommended budget for various insurance and expenditure reimbursements is expected to decrease by \$783,850 from the adopted 2009-2010 budgeted amounts.

Other Funds

Revenue transferred to the General Fund to offset the cost of fringe benefits and indirect costs for various programs, including State and Federal grant activity, is the major source of revenue in this category. These reimbursements include amounts from the Community Development Block Grant program and housing programs, including Section 8 Monitoring, the HOME program, and health and social service grants. The recommended budget for fiscal year 2010-2011 includes an increase of \$523,542 for indirect cost reimbursements.
